

German Typical Filtech Co., Ltd

Insist on quality. Persist in protecting environment

Company Introduction

- * German Typical Filtech Co., Ltd is a supplier of wide range of various filter media such as Polyester, Acrylic, Fiberglass, PPS, Nomex, P84, PTFE and etc.
- * Our industrial filter bags used in many technical industries, our primary business is dry filtration and dust collector filters.
- * Also we are a very professional manufacturer of filter bag making machine. Such as Automatic Filter Bag Production Line, Short Arm Machine, Long Arm Machine, Slitting Machine and etc.
- * We are professional in this industry and committed to provide our customers with cost-effect ,high quality products.

Fabric Products

- * We have a large range of fabric, below is a list of our most supplied products.

- * **Fabric**

Polyester Needle Felt

Woven Fiberglass

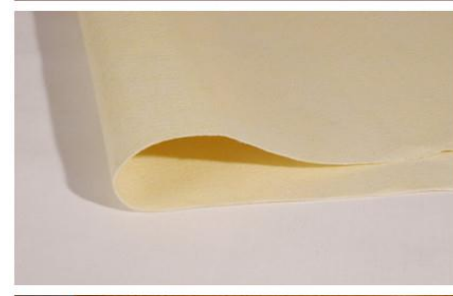

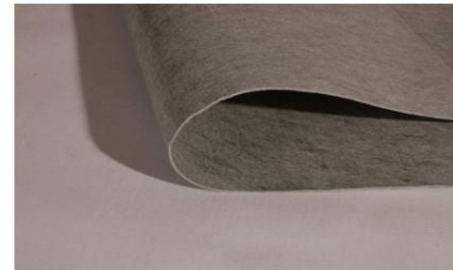

Woven Fiberglass with PTFE membrane

PPS Needle Felt

Nomex Needle Felt

P84 Needle Felt

Acrylic Needle Felt

* Filter Bag

Polyester Filter Bag

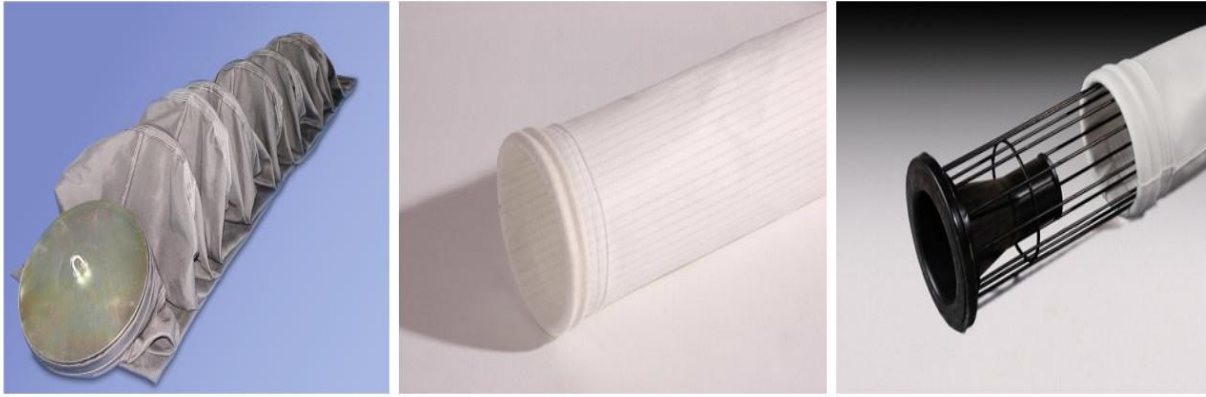

Woven Fiberglass Filter Bag

Reverse Filter Bag

Acrylic Filter Bag

PPS Filter Bag

Nomex Filter Bag

Filter Cage

1.Round Filter Cage

2.Flat Filter Cage

Spare Parts

1.Venturi

2.Cap

3.Collars

Machine Products

- * Filter Bag Making Machine
 - * Automatic Production Line
- Automatic Filter Bag Sewing Production Line
Automatic Filter Bag Hot Welding Production Line

* Semi-automatic Production Line

Semi-automatic Sewing Production Line

Semi-automatic Hot Welding Production Line

Our advantage for Filter Bag Production Line is

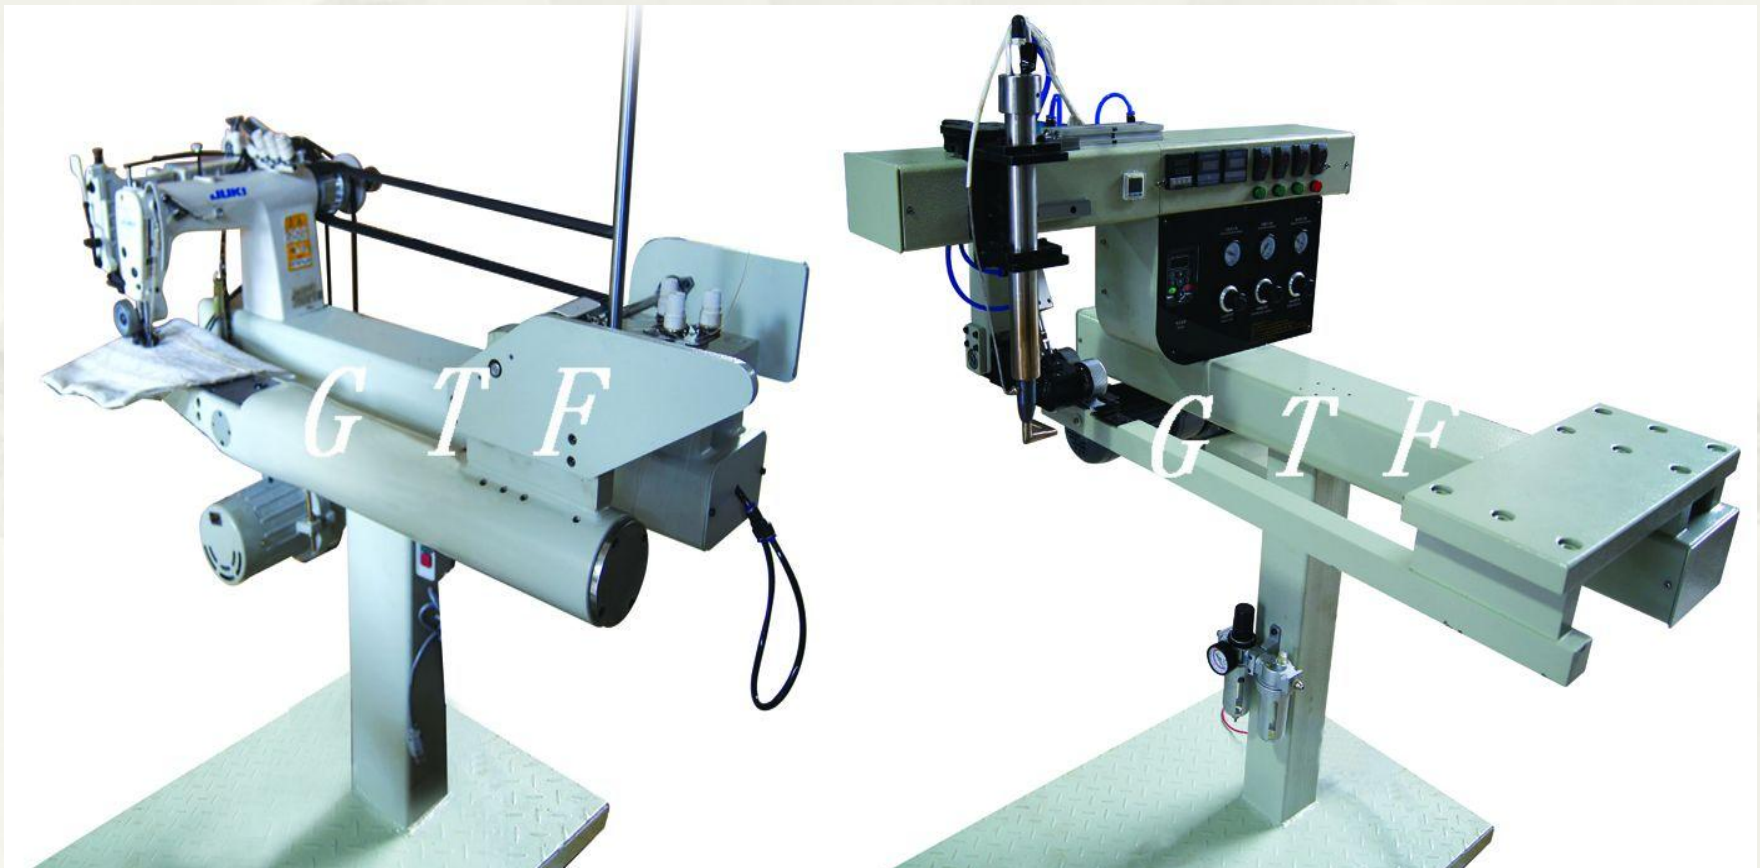

- 1.It can sewing both woven and nonwoven fabric;
- 2.It can sewing thickness fabric;
- 3.Also another feature is we have semi-automatic production line, it's only take up small space and also with high productivity , the price is good too. It is suit for small and medium size filter bag factory.

Another advantage is we can supply excellent service — Technical Support, Training or Installation, Spare Parts Guarantee, Life Long After Service.

* Filter Bag Manual Making Machine

Juki Sewing Head

Hot Welding Head

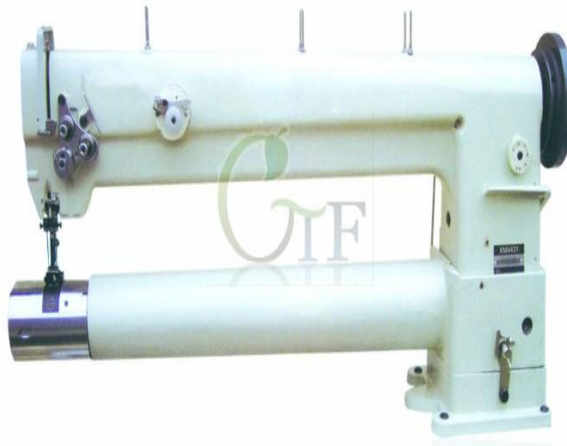

* Filter Bag Spare Parts Machine

Short Arm Double Needle Sewing Machine

Long Arm Double Needle Sewing Machine

Snap Band Sewing Machine

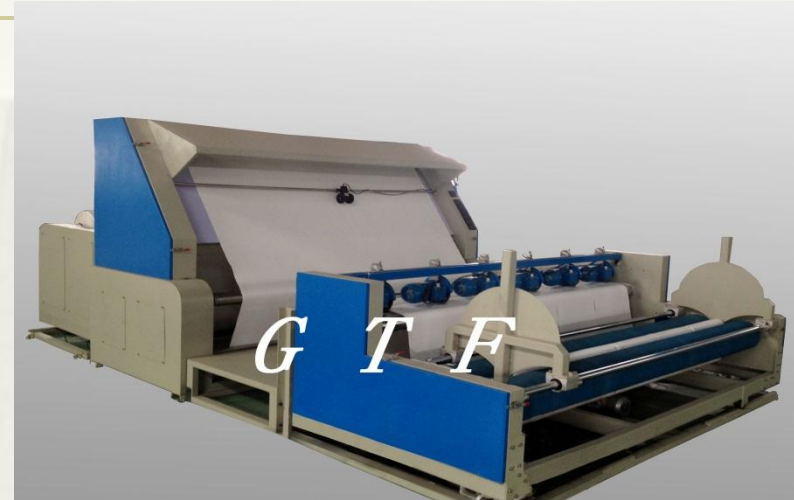

Snap Band Slitting Machine

* Slitting Machine

Automatic Filter Cloth Slitting Machine

- * Automatic filter fabric slitting production line
- * Good quality slitting machine line
- * Can cut all kinds of filter fabrics ,special designed for filter non-woven & woven fabric cutting
- * Reasonable design and easy - operating screen
- * This machine equipped with fabric inspection part which can assure the cutting quality
- * Save labor cost & increase work effective for factory
- * Fabric width can be adjusted according filter bags dimension
- * Fabric cutting edge is much smooth and beautiful
